Tên challenge : Javascript - Authentication

Challenge Link : <https://www.root-me.org/en/Challenges/Web-Client/Javascript-Authentication>

Xem source bằng viewsource là nhận được username password

The image shows a web browser window with the source code of a login page open. The browser's developer tools are visible, showing the 'Sources' tab with the file 'login.js' selected. The code in 'login.js' is as follows:

```
1 /*  */
2
3 function Login(){
4     var pseudo=document.login.pseudo.value;
5     var username=pseudo.toLowerCase();
6     var password=document.login.password.value;
7     password=password.toLowerCase();
8     if (pseudo=="4dm1n" &amp;&amp; password=="sh.org") {
9         alert("Password accepté, vous pouvez valider le challenge avec ce mot de passe.");
10    } else {
11        alert("Mauvais mot de passe / wrong password");
12    }
13 }
14 /* ]]]&gt; */
15</pre><p>Below the source code, a confirmation dialog box is displayed with the title "challenge01.root-me.org says". The dialog contains the text: "Password accepté, vous pouvez valider le challenge avec ce mot de passe. You an validate the challenge using this password." and an "OK" button.</p><p>In the background, the web page shows a login form with the following fields:</p><ul><li>Username: 4dm1n</li><li>Password: *****</li><li>login button</li></ul><p>A warning message at the top of the page reads: "leaking solutions on Internet is forbidden".</p></div>
```
